

## **Website Description - Corporate Service Day Inquiry**

### **Welcome to the club!**

We're so grateful you're considering the Boys & Girls Clubs of Dorchester as the home for your next service day.

When you serve with Boys & Girls Clubs of Dorchester, you're directly investing in the young people of Dorchester and helping us create safe, opportunity-filled spaces where kids can learn, grow, and thrive.

Whether your group is interested in supporting a hands-on project, assisting with a special event, or spending time with our members, we'll work with you to create a thoughtful, well-organized experience that aligns with your goals and supports our Club community in a meaningful way.

Each engagement opportunity includes a minimum donation requirement to make the project/event a success for our members. **To view our full Volunteer Menu and reserve your service day, please reach out to Volunteer Manager, Macy Pierce, at [mpierce@bgcdorchester.org](mailto:mpierce@bgcdorchester.org).**

We can't wait to partner with you and make your day of service impactful for both the club and your team!
